Areas of Practice

Energy Law | Construction Law | Corporate Law

Meg Heyse is an Associate in the Construction, Litigation and Energy Practices of Smith, Gambrell & Russell, LLP. She has experience drafting and negotiating a variety of contracts for clients, including those regarding the acquisition, development, construction, financing, ownership, and operation of energy projects and related assets, and those regarding general corporate matters.

Meg focuses her practice on energy law, with a specialization in energy transactions. She has negotiated contracts regarding solar, wind, nuclear, hydropower, geothermal, renewable natural gas, traditional natural gas, coal, and combined cycle generating facilities, as well as those regarding co-located and standalone energy storage facilities. She has also assisted clients in drafting and issuing pro forma agreements in connection with Requests for Proposals (RFPs) and evaluating corresponding bidder responses.

Meg earned her J.D. from Vanderbilt University Law School, where she was a Dean's Scholar and served as a Student Attorney in the Youth Opportunity Clinic. She earned her B.A. from the University of Virginia, where she majored in Leadership and Public Policy and minored in English.
